# ASSIGNMENT – 02

## STUDENT ADMISSION ENQUIRY FORM – ADVANCED

**Student Name:** Sajine Santhakumar
**Register Number:** 240701459
**Branch:** Computer Science and Engineering
**Course Title:** Low-Code Development
**Development Tool:** Zoho Creator

### 1. OBJECTIVE

To extend the existing Student Admission Enquiry Form in Zoho Creator by incorporating all seventeen Advanced Fields available in the Form Builder.

The extended form demonstrates automation, computed values, file and media handling, structured lookups, sibling details, fee computation, and automated enquiry identification and QR generation.

### 2. PROBLEM STATEMENT

The basic Student Admission Enquiry Form captures the prospective student's identity, contact details, and course preference. However, it does not support several real-world admission requirements.

The advanced form extends the application to support:

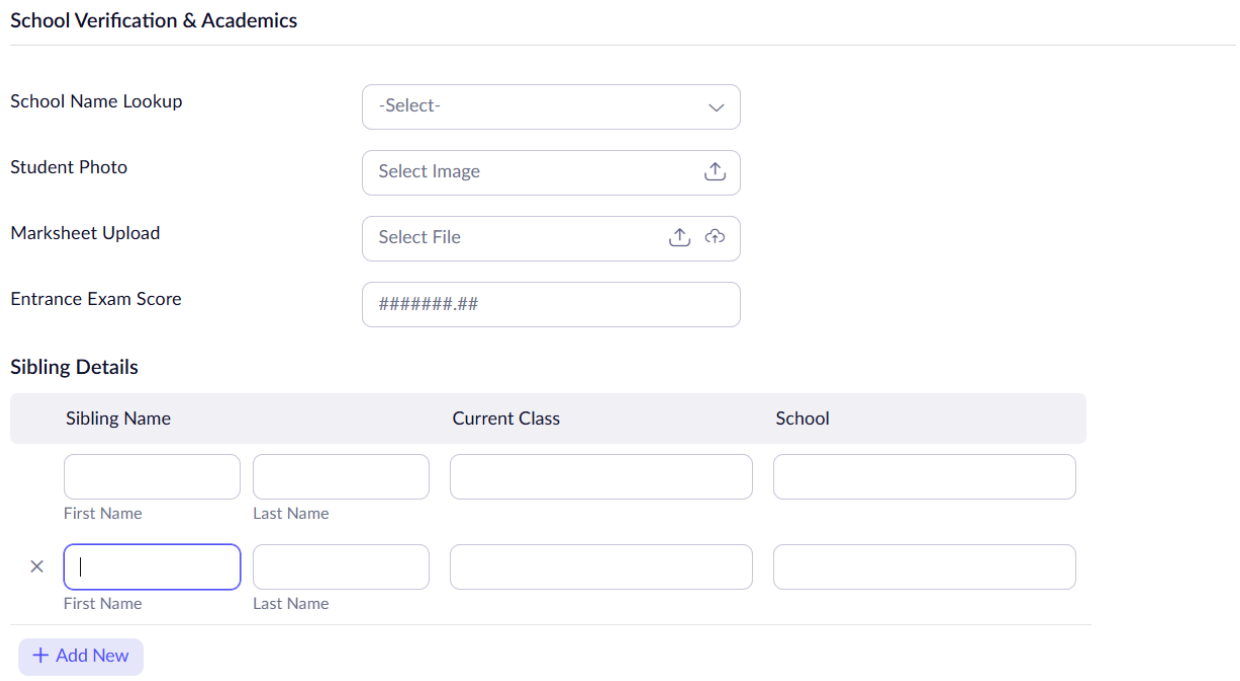

- Previous school verification
- Sibling details for sibling-based discounts
- Application fee and scholarship calculation
- Unique enquiry reference generation
- QR-code based enquiry tracking
- Student photograph
- Marksheet upload
- Self-introduction video
- Statement-of-purpose audio
- Parent/guardian digital signature

### 3. ADVANCED FIELDS USED

### Section E – School Verification & Academics

| Advanced Field | Form Field Name |
|---|---|
| Lookup | School Name Lookup |
| Image | Student Photo |
| File Upload | Marksheet Upload |
| Decimal | Entrance Exam Score |

The School Name Lookup connects to the master **Schools** form and allows the applicant to select the previous school from the official school list.

### Section F – Sibling & Media Details

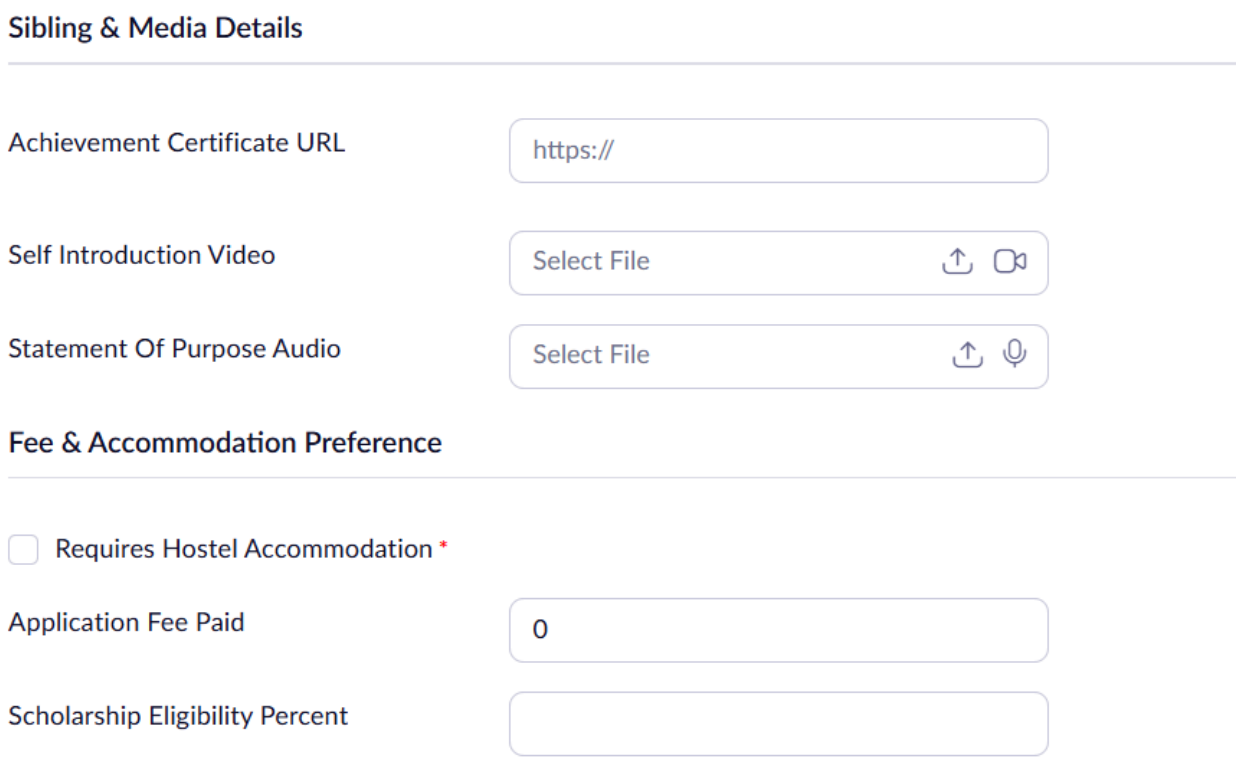

| Advanced Field | Form Field Name |
|---|---|
| SubForm | Sibling Details |
| URL | Achievement Certificate URL |
| Video | Self Introduction Video |
| Audio | Statement Of Purpose Audio |

The Sibling Details SubForm allows repeating sibling records containing sibling name, current class, and school.

**Section G – Fee & Accommodation Preference**

| Advanced Field | Form Field Name |
|---|---|
| Decision Box | Requires Hostel Accommodation |
| Currency | Application Fee Paid |
| Percent | Scholarship Eligibility Percent |
| Formula | Net Application Fee Payable |

The Net Application Fee Payable field automatically calculates the fee after applying the scholarship-linked waiver.

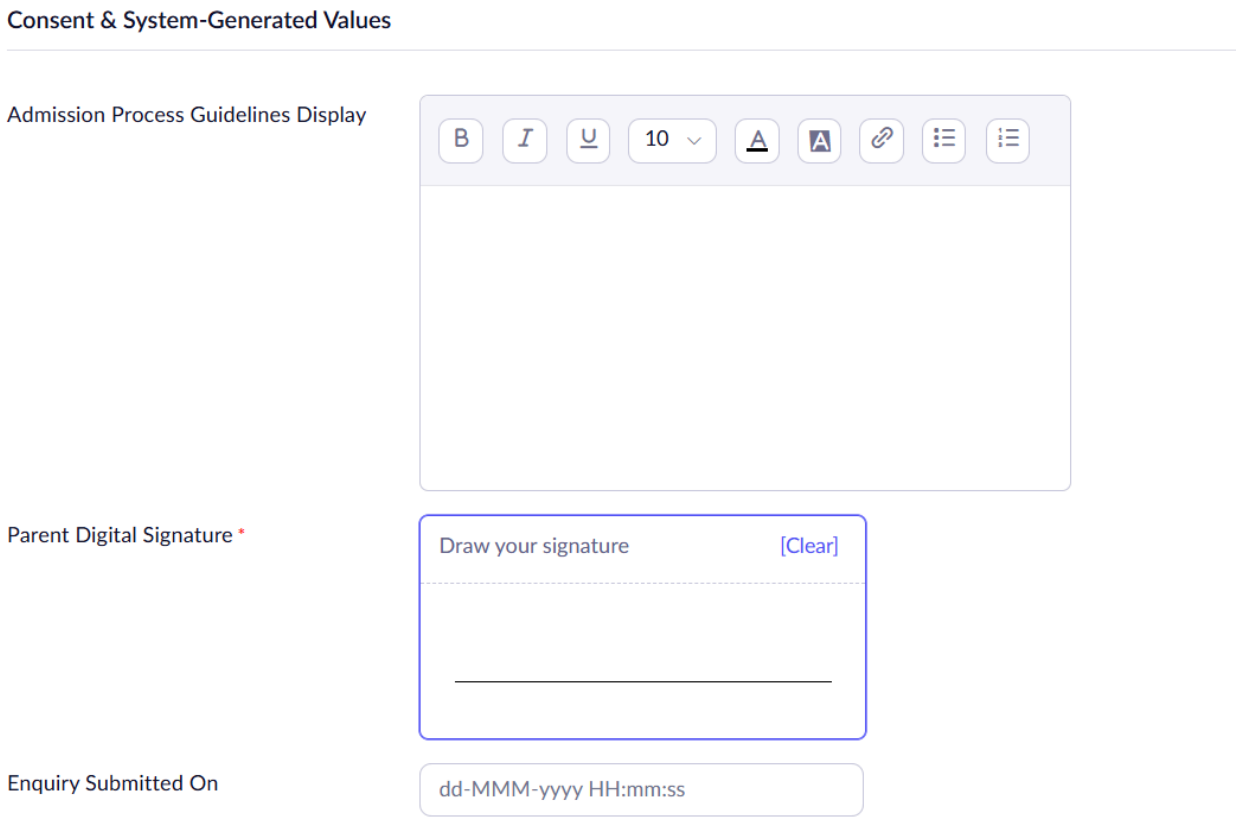

**Section H – Consent & System-Generated Values**

| Advanced Field | Form Field Name |
|---|---|

| | |
|---|---|
| Rich Text | Admission Process Guidelines Display |
| Signature | Parent Digital Signature |
| Date-Time | Enquiry Submitted On |
| Auto Number | Admission Enquiry ID |
| QR/Barcode | Admission Enquiry QR Code |

These fields provide admission instructions, parent consent, automatic submission timestamp, unique enquiry identification, and QR-based enquiry retrieval.

## 4. VALIDATION AND CONFIGURATION

### School Name Lookup

The School Name Lookup is connected to the master Schools form. Applicants search and select a school rather than entering a school name manually.

**Sibling Details**

The Sibling Details SubForm is configured with:

- Minimum rows: **0**
- Maximum rows: **3**

**Marksheet Upload**

Accepted formats:

- PDF
- JPG
- PNG

Maximum file size:

**5 MB**

**Student Photo**

Accepted formats:

- JPG
- PNG

Maximum file size:

**2 MB**

**Self Introduction Video**

Maximum duration:

**60 seconds**

Maximum size:

**50 MB**

**Scholarship Eligibility**

Allowed range:

**0% to 50%**

**Application Fee**

The Application Fee Paid field uses **Indian Rupees (₹)** and accepts only non-negative values.

**Net Application Fee Payable**

The Formula field is read-only and automatically recalculates when the Application Fee Paid or Scholarship Eligibility Percent changes.

**Admission Enquiry ID**

The Auto Number field uses the format:

**REC-ADM-[Current Year]-[6-digit sequence]**

Example:

**REC-ADM-2026-001204**

**QR Code**

The QR/Barcode field automatically generates a QR code containing the Admission Enquiry ID after submission.

**Mandatory Fields**

The following fields are mandatory:

- Requires Hostel Accommodation
- Parent Digital Signature

## 5. MASTER SCHOOLS FORM

A separate **Schools** master form was created to support the School Name Lookup.

**Fields**

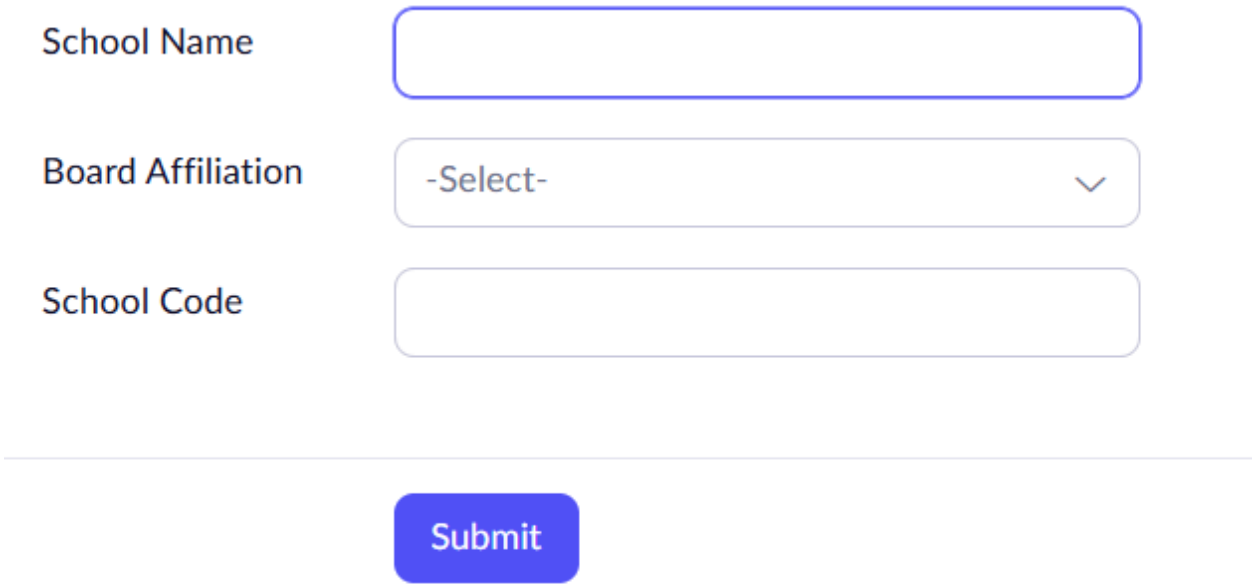

| Field | Type |
|---|---|
| School Name | Single Line |

| | |
|---|---|
| Board Affiliation | Drop-down |
| School Code | Single Line |

**Sample Record**

**School Name:** REC Matric Hr Sec School
**Board Affiliation:** State Board
**School Code:** REC-SCH-021

The assignment uses this school and code as its sample Lookup value.

**6. WORKFLOW**

The admission enquiry process works as follows:

1. The applicant completes the existing basic personal, contact, and academic details.
2. The applicant selects the previous school using the School Name Lookup.
3. Sibling information can be entered using the Sibling Details SubForm.
4. The applicant uploads mark sheets and optional media.

5. The applicant specifies hostel accommodation requirements.
6. Application fee and scholarship eligibility are recorded.
7. Net Application Fee Payable is calculated automatically.
8. The parent/guardian reviews the admission guidelines.
9. The parent/guardian provides a digital signature.
10. On submission, Zoho Creator generates the Enquiry ID, submission timestamp, and QR code.

## 7. REPORT

The **Admission_Enquiry_Report** is used by the Admission Cell to review submitted enquiries.

The report should display important information including:

- Student details
- School details
- Sibling details
- Application fee
- Scholarship eligibility
- Net Application Fee Payable
- Admission Enquiry ID
- QR Code

The Admission Cell can use the report to verify submitted documents, school details, fees, and retrieve applicant information using the QR code.

| Student Name | Date of Birth | Gender | Email Address | Contact Number | Residential Address | Guardia |
|---|---|---|---|---|---|---|
| Sajine Santhakumar | 09-Jan-2006 | Female | sajine.s.2024.cse@rajalakshmi.edu.ir | +912799993883 | Chennai | Santhak |
| Nethra CG | 24-Jan-2006 | Female | Nethra.2006@gmail.com | +91378866778889 | Chennai, Tamil Nadu, 40, India | Gandhi |
| Roshini S | 04-Jan-2006 | Female | roshinisankaralingam@gmail.com | +9173782928299 | cuddalore, Tamil Nadu, India | Sankara |
| SAJINE S | 09-Jan-2006 | Female | sajine.s.2024.cse@rajalakshmi.edu.ir | +919952076750 | Old perungalathur, Mudichur, Chennai, Tamil Nadu, 63, India | Santhak |

## 8. EXPECTED LEARNING OUTCOMES

After completing this assignment, the student understands:

- The purpose and use of Advanced Fields in Zoho Creator.
- How Lookup fields connect forms and verify data.
- How SubForms capture repeating information.
- How Formula fields automate calculations.

- How Auto Number fields generate unique identifiers.
- How file and media fields handle admission documents.
- How QR/Barcode fields support enquiry retrieval and counselling workflows.

## 9. CONCLUSION

The Student Admission Enquiry Form was extended using all seventeen Advanced Fields available in Zoho Creator. The application now supports school verification, sibling information, document and media uploads, fee calculation, parent consent, unique enquiry identification, and QR-code based tracking.

The extended application provides a structured solution for managing student admission enquiries through the admissions pipeline.
